## Foot Ball Clinic Sept. 9, Pell Rebuilds Blue Devils

Coach Web Pell and his assistant, Line Coach Bill Howard, regarded prospects for rebuilding a Pahokee Blue Devil football team a little brighter at the end of the first week of practice on Lair Field, with an average of 27 boys reporting for the afternoon training sessions.

Pell reports he is working with a squad of young players with only four or five seniors in the group reporting for daily practice to date but the boys seem to be in fair condition at the start of the training period and are showing good spirit in their conditioning workouts.

For the important quarterback position, filled so ably last season by George Mills, Pell has his eye on Buddy Parker, a Senior who was a substitute quarterback last year, and Clyde Alley, Jr., son of the late Clyde Alley who served for several years as football coach and boys' physical education director at Pahokee High School.

The Pahokee coaches were dealt a blow in their preseason training plans on Thursday of last week when Chat Clark, a Senior and their best prospect for end position, was injured in a car accident on East Main St., in Pahokee. In a (continued on page 8)

## Will Ask Bids On Health Center For Pahokee Section

Authorization will be given the Palm Beach county engineer at next Monday's meeting of the county commission to advertise for bids on the new Pahokee Health Center to be erected near the hospital in Pahokee. The information came from Tallahassee to County Commissioner Paul Rardin who initiated the health center idea more than two years ago.

The City of Pahokee, County of Palm Beach and Federal Government are cooperating in building the center which will cost \$20,000, Rardin said. Another center to be erected at Belle Glade is in the planning stage, the commissioner said.

## Re-Zoning Is Under Consideration By Pahokee Council

Pahokee City Council turned its attention to the re-zoning of certain sections of the city at its meeting Monday night at City Hall. One of the sections up for re-zoning is the proposed site for a new gasoline bulk station on E. Main Street. At the meeting Monday night an official of the Orange State Oil Company appeared before the council with a plan for the proposed station, which has been approved by the underwriters. The official said that there would be no increases in insurance rates on properties adjoining the new station.

The other section of the city considered for re-zoning is property near the Negro school owned by Raymond Crosby. Crosby is trying to get the zoning changed from agriculture to commercial so that he can erect apartment buildings for Negro tenants. This effort was opposed by members of the county school board including Superintendent of Public Instruction Howell Watkins, T. W. Rickett, school board member from Pahokee, and A. R. Harrington, school trustee from the Glades. These men pointed out that more land is needed for the expansion of the school and that if these buildings are built it will block the school. A public hearing on the re-zoning was set for Oct. 24.

It was reported that some 18 new windows and frames are needed for City Hall building, to replace rusted ones. Bids for the purchase and installation of this equipment will be asked by the city in the near future.

Officials reported that sidewalk construction for Cypress, Banyan and Annona Avenues is nearing completion.

#### IN MEMORIAM:

Whereas, it has pleased the Grand Master of the universe in his infinite wisdom to remove from among us our esteemed Friend and Brother,

James W. Durrance

Whereas, We feel that by his demise we suffer the loss of a faithful member of our Fraternity and the community at large and honored and upright citizen, one who was beloved by all who knew him.

Be it resolved, That for the purity of his life, the cheerfulness of his presence, the uprightness of his character, the kindness of his dealings with others we shall hold him in loving remembrance as an example worthy of our emulation.

Resolved? That while we mourn for him as a friend and Brother our sorrow is lessened by the knowledge of his well spent life which presages his triumph over death, and we are lead to exclaim Blessed are the dead who die in the Lord.

Resolved, That we the officers and members of this lodge, extend our most heartfelt sympathy to the immediate relatives and friends in their great sorrow over the departure of a life so useful and commend them to Him who doeth all things well.

Resolved, That these resolutions be placed on the records of the lodge and a copy presented to the sorrowing relatives of our deceased Brother.

Enjoy  
Rural Living...  
"Farm-Out" Your  
Daily Chores  
to Reddy!

Yes, to make rural living easier, happier... you can "farm-out" your chores. And one to "farm-out" is dishwashing... for the average home-maker scrubs up to 7 tons of dishes a year. An automatic electric dishwasher cleans, sanitizes, rinses and dries the dishes out-of-sight, out-of-the-way... reduces breakage, eliminates drudgery.

### After-Dinner Speaker Gets His "Deserts"

"Red" Thomas tells about a dinner party he and his Missus went to in Center City last week. He said it was a wonderful party—except for one guest who was a real "know-it-all," right from the start.

Whatever the subject, this fellow considered himself an "expert." Wasn't quiet about it, either. He told different people what automobile to buy; what books to read—even told some who they "just had" to vote for.

When it came time to leave, this fellow must've felt a pang of conscience. He turned to the host-

ess and said: "I suppose I was a bit outspoken tonight." Quick as a flash she replied, "Of course not, one could have out-spoken you."

From where I sit, it's just as well he don't try to force things on his neighbors. Take those who want to be an occasional guest of your simply because the price is something else. They're welcome to their choice but shouldn't try to force me to be a "party" to it!

## Zoning Director Named For County

The start of Palm Beach County's new zoning and planning project will get underway in mid-September, headed by G. H. "Gerry" Schultz, who has been appointed county zoning director.

Schultz's appointment was made Monday by the County Commission and will become effective Sept. 15.

The new director, a resident of Palm Beach Shores, was picked from a field of 14 applicants for the position on recommendation of George W. Simons, Jr., Jacksonville, the county's zoning and planning consultant.

County Engineer Steve Middleton in whose department the new zoning section will be established, said Simmons was coming here in mid-September to lay out the initial phase of the county's zoning project.

## Brown's Farm Precinct Abolished By County

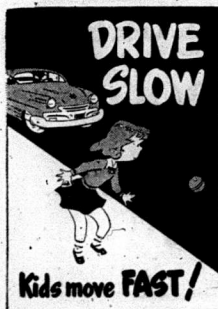

Palm Beach County's political barometer—Brown's Farm which has gained national recognition, because of its size and quick vote has been removed from the county's polling places.

The county commission this week, on recommendation of County Registrar Dewitt Upthegrove, combined Brown's Farm and Precinct 38 setting the American Legion Hall in Belle Glade as the polling place.

Upthegrove said registration at Brown's Farm has dwindled to about three voters and it is no longer feasible to use it as a polling place.

In the past, voters at Brown's Farm took pride in being the first in the county to report on election day. Residents turned out early and the polls usually closed a few minutes after they had opened, with all voters on hand to cast their ballots.

### Christian Science Group Of Canal Point

The way of health and holiness, of dominion over fear and sin which Christ Jesus came to teach, will be emphasized at Christian Science services Sunday.

Scriptural selections in the Lesson-Sermon entitled "Christ Jesus" will include the Master's healing of the servant of the high priest as recorded in Luke's Gospel (22:50, 51): "And one of them smote the servant of the high priest, and cut off his right ear. And Jesus answered and said, Suffer ye thus far. And he touched his ear, and healed him."

Correlative passages to be read from "Science and Health" with Key to the Scriptures" by Mary Baker Eddy include the following (34:10-17): "That he might liberally pour his dear-bought treasures into empty or sin-filled human storehouses, was the inspiration of Jesus' intense human sacrifice. In witness of his divine commission, he presented the proof that Life, Truth, and Love heal the sick and the sinning, and triumph over death through Mind, not matter. This was the highest proof he could have offered of divine Love."
